Email: vedantpandey885@gmail.com

GitHub: <https://github.com/vedantpandey885>

Mobile: +91-9334823176

SKILLS

• Languages:	C, Python, PostgreSQL, DBMS, HTML, CSS, JavaScript
• Engineering Tools:	GitHub, VS Code, AutoCAD, Kali Linux, Proteus Design Suite, Arduino
• Domain Expertise:	AI & LLM Fundamentals, Python Programming, Web Development
• Soft Skills:	Problem-Solving, Leadership, Adaptability, Resilience, Self-Confidence

PROJECTS

Personal Portfolio	
- Designed and developed a responsive personal portfolio website to showcase projects, technical skills, achievements, and professional experience. - Implemented interactive sections and a user-friendly interface to create an engaging and professional online presence. - Optimized the website for responsive viewing across desktop and mobile devices, with clear navigation and structured content. Tech stack: HTML5, CSS3, JavaScript (ES6+), AOS.js, Font Awesome, Chart.js.	
RF-Based Cheating Detection System	
- Led the development of an electronics-based RF detection system to identify potential cheating activities during examinations and improve exam monitoring. - Integrated RF detection circuitry with Arduino-based monitoring and alert mechanisms to identify suspicious wireless activity. - Collaborated with team members to design, assemble, test, and troubleshoot the prototype for reliable operation. Tech stack: Arduino Uno, LM358, Arduino IDE, embedded C, Proteus.	
Solid Waste Management System	
- Led the development of a smart waste management solution for waste-level monitoring and efficient collection planning. - Designed and implemented a system for monitoring waste levels and supporting timely waste collection. - Coordinated team efforts during the design, development, testing, and presentation of the project prototype. Tech stack: HTML5, CSS3, JavaScript, Chart.js, AOS.js, Font Awesome, GitHub Pages.	

CERTIFICATIONS

• Introduction to Large Language Models. (NPTEL)	Aug 2026 – Ongoing
• Python Programming. (INFOSYS)	Aug 2026 – Aug 2026
• Introduction to Cyber Security. (INFOSYS)	March 2026 – Apr 2026
• Elements of AI. (UNIVERSITY OF HELSINKI)	Jan 2026 – Feb 2026
• Basics of Leadership Management & Theories. (UNIATHENA)	Oct 2025 -Oct 2025

EDUCATION

• Lovely Professional University B. Tech in Computer Science and Engineering, CGPA: 8.11	2025 – Ongoing Phagwara, Punjab
• Foundation School Class XII (PCM), Percentage: 65.20	2022 – 2023 Buxar, Bihar
• Shri Ram Janki Saraswati Vidya Niketan School Class X, Percentage: 89.20%	2020 - 2021 Buxar, Bihar
